

### Entering an Activation Key

Upon loading the BESTCOMSPPlus software you may be prompted to activate the device. To perform this function you will need to select the device from the *Device* pull-down menu (DGC-2020). Enter MTU\_DD@basler.com in the email field (not your email address nor is this a valid email, this is for activation purposes only). You will then need to enter 1BFF3AF9C51BAE1756DABE32F09B7C8F into the *Activation Key* field. Click on the *Activate* button to continue. The *Device Needs Activated* screen is also found by selecting *Activate Device* from the Tools pull-down menu of the BESTCOMSPPlus main shell.

**Device Needs Activated**

Device  
DGC-2020

Email Address  
MTU\_DD@basler.com

Activation Key  
1BFF3AF9C51BAE1756DABE32F09B7C8F

**Get Data** Get data from the Windows clipboard.

**Activate** Activate device with current data.

**Cancel**
